A

LAB ASSIGNMENT

OF

"M.C.A. 207 - Programming in Java"

Submitted in partial fulfillment of the requirements for the

Master of Computer Application M.C.A. -II semester

From

PT. RAVISHANKAR SHUKLA UNIVERSITY, RAIPUR (C.G)

Year: 2023-24

Guided By:-Ms Harsha Pandey (Assistant Professor, C.S. & IT, PRSU) Submitted by:-Jitendra Kumar Sahu Roll No: 2310174020

Submitted to

S. O. S. IN COMPUTER SCIENCE & IT
Pt. Ravishankar Shukla University, Raipur (C.G.)

De	eclaration
partial fulfilment for the completion Semester II at School of Studies in C	ignment Report which is submitted by me in the of the Master of Computer Application, Computer Science and I.T., Pt. Ravishankar es the original work carried out by me
Date:	Jitendra Kumar Sahu
	MCA-II Semester
	Roll No: 2310174020

Acknowledgement

The success and outcome of this lab assignment has been made possible by the guidance and support of many people. I would like to thank all peoples who gave me a golden opportunity to work on this lab assignment.

I would like to express sincere thanks to **Ms. Harsha Pandey** (Assistant Professor, C.S.&IT, Pt.RSU) for their guidance and encouragement throughout the duration of my lab assignment with a deep sense of gratitude. I express my humble thanks to all the members who helped and guide me in making this lab assignment.

I extend my sincere thanks and gratitude to **Dr. Sanjay Kumar** (Head of the Department S.O.S in C.S.&IT, Pt.RSU Raipur) for their valuable guidance and provide the lab environment for completion of this lab assignment. Without his active co-operation and guidance, it would have become very difficult task to complete in time.

While submission of the lab assignment, I also like to thank to **Ms. Anita Toppo** (Assistant Programmer C.S.& IT, Pt.RSU) for their continuous help and guidance in the lab. It would be a tough work without help, support and guidance of these members of S.O.S in Computer Science and IT department, Pt. Ravishankar Shukla University Raipur (CG).0

At the end, I also express my thanks to my friends, colleagues and all those persons who have helped me directly or indirectly towards the successfully completion of the lab work.

Jitendra Kumar Sahu MCA-II Semester Roll no. 2310174020

Certificate of Evaluation

This is to certify that the Lab Assignment for the course code MCA207 (Java) is carried out by Jitendra Kumar Sahu, student of MCA-II semester at School of Studies in Computer Science and I.T., Pt. Ravishankar Shukla University, Raipur after proper evaluation and examination, is hereby approved as a credible work in the discipline of Computer Applications and is done in a satisfactory manner for its acceptance as a requisite for the completion of Master of Computer Application , Semester II during the year 2023-24 from Pt. Ravishankar Shukla University, Raipur (CG).

INDEX

S.No	Question	Page No.	Signature
1	Write a java program for Creation and Casting of Variables.	1	
2	Write a java program to demonstrate the various Operators.	2	
3	Write a java program for printing the current date in different formats.	4	
4	Write a java program for Inputting Data From Keyboard through Scanner Class.	5	
5	Write a java program for Inputting Data From Keyboard through BufferedReader Class.	6	
6	Write a java program for Inputting Data From Keyboard through Console Class.	7	
7	Write a java program to demonstrate the use of for–each loop.	9	
8	Write a java program to demonstrate ragged arrays.	10	
9	Write a java program to demonstrate anonymous arrays.	11	
11	Write a java program for Application Of Classes And Objects.	12	
12	Write a java program to demonstrate method overloading.	15	
13	Write a java program to demonstrate constructor overloading.	17	
14	Write a java program Using Single Inheritance.	18	
15	Write a java program Using Super And This Keyword.	19	
16	Write a java program to demonstrate multilevel inheritance.	20	
17	Write a java program to demonstrate method overriding.	22	
18	Write a java program Using Multiple Inheritance Concept through interfaces.	23	
19	Write a java program to demonstrate the concept of inner class.	24	
20	Write a java program to demonstrate the concept of local class.	25	
21	Write a java program that creates its own package containing two classes.	26	
22	Write a java program Using Try And Catch Statement.	28	
23	Write a java program Using Multiple Catch Statements.	29	
24	Write a java program to demonstrate the MultiCatch feature.	30	
25	Write a java program to demonstrate the use of finally block.	31	
26	Write a java program Using Nested Try Statements.	33	
27	Write a java program To Create Your Own Exception Class And Display Corresponding Error Message.	34	
28	Write a java program For Creating And Executing Threads by extending the Thread class.	35	
29	Write a java program To run Three Threads by implementing the Runnable Interface.	37	
30	Write a java program to demonstrate the use of join() method.	39	
31	Write a java program to demonstrate Multithreading using wait () & notify().	41	
32	Write a java program to demonstrate The String Class & its methods.	43	
33	Write a java program to demonstrate StringBuffer Class & its methods.	44	
34	Write a java program to demonstrate various Wrapper Classes.	47	
35	Write a java program to demonstrate HashSet Class & its methods.	49	
36	Write a java program to demonstrate ArrayList Class & its methods.	51	

Write a java program to copy a File. 53 Write a java program to Count the numbers of Characters in a File. 55 Write a java program to demonstrate Object Serialization. 56 Write a java program to demonstrate Keyboard Event. 58 Write a java program to demonstrate Mouse Event. 60 Write a java program to demonstrate Mouse Event. 60 Write a java program to create a table named employee with fields as emp_id, emp_name, age, dept. 65 Write a java program to create a table and drop it. 65 Write a java program to insert multiple rows in a table using prepared statement. 66 Write a java program to display contents of a table on the console. 70 Write a java program to describe the functions of metadata objects 75 Write a java program to demonstrate the ArrayList class. 78 Write a java program to demonstrate the HashSet class. 80 Write a java program to demonstrate the HashMap class. 82 Write a java program to demonstrate the Vector class. 84 Write a java program to demonstrate the LinkedList class. 86 Write a java program to demonstrate the Just filed class. 91 Write a java program to demonstrate the Just filed class. 93 Write a java program to demonstrate the Just filed class. 93 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 95 Write a java program to demonstrate the Just filed class. 97 Write a java program to demonstrate the Just filed class. 99 Write a java program to demonstrate the Just filed class. 99 Write a java program to demonstrate the Just filed class. 99			,	1
Write a java program to demonstrate Object Serialization. Write a java program to demonstrate Keyboard Event. Write a java program to demonstrate Mouse Event. Write a java program to establish connection to the database. Write a java program to establish connection to the database. Write a java program to create a table named employee with fields as emp_id, emp_name, age, dept. Write a java program to create a table and drop it. Write a java program to insert multiple rows in a table using prepared statement. Write a java program to display contents of a table on the console. Write a java program to update rows using result set. Write a java program to describe the functions of metadata objects Write a java program to demonstrate the ArrayList class. Write a java program to demonstrate the HashSet class. Write a java program to demonstrate the HashMap class. Write a java program to demonstrate the Vector class. Write a java program to demonstrate the Vector class. Write a java program to demonstrate the LinkedList class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class. Write a java program to demonstrate the JTextField class.	37	Write a java program to copy a File.	53	
Write a java program to demonstrate Keyboard Event. Write a java program to demonstrate Mouse Event. Write a java program to establish connection to the database.
